

Guardian pandemic support program

Financial support and flexibility for dental and vision customers

We recognize the significant impact that the pandemic has had on businesses and their employees' ability to receive dental care. Our new **Guardian Pandemic Support Program*** can help you manage costs and provide your employees with uninterrupted access to dental care as practices reopen for elective treatments. The program includes:

Financial assistance for fully-insured in-force dental and vision plans

- Fully-insured plans, in-force during May 2020 will receive a premium credit of 50% of the May bill.
- The credit will be applied to the August 2020 bill.

Enhanced frequency limits offering more flexibility for members

- We have enhanced frequency limits on cleanings, exams, and fluoride treatments (if applicable) to a minimum of two per calendar year.
- This will be applied from July 1, 2020 through December 31, 2021.

As we prepare for the post-pandemic environment together, our commitment to delivering quality dental benefits that promote good oral health is stronger than ever. We thank you for the trust you place in Guardian to help meet your employees' benefit needs.

Contact your benefits broker for more information.
